

# Phishing Email

Things to look out for.

<b>Verify sender info.</b>	Check the sender's email address for legitimacy. Be cautious of emails from unknown or suspicious addresses.
<b>Use 2 Factor Authentication</b>	Enable 2FA for added security on your accounts.
<b>Don't Click Unknown Links</b>	Avoid clicking links or downloading attachments from unfamiliar sources.
<b>Educate yourself and others</b>	Learn about common phishing tactics and share tips with friends and family to create more awareness.
<b>Report Suspicious Activity</b>	If you suspect phishing, report it to the right authorities promptly.

By gaining knowledge about these tips, you will be able to minimize your exposure to phishing attacks and help friends and family do the same.

**STAY AWARE !!!**
